

EXCELLENT CARE, EVERY STEP OF THE WAY

To help make your experience as smooth as possible, just follow these three simple steps:

STEP 1: REGISTER

Registering online will streamline the pre-admission process. It's this easy:

1. Visit www.specialtyascct.com

2. Click "Patients Start Here"

FIRST TIME USERS should enter code SSCC203NEW to complete the pre-admission form. Once completed, you will receive an Access Token for future use.

RETURNING USERS should enter their Access Token at the login screen. You will then enter your date of birth and click "Resume" to review or modify your most recent health history form.

Need help? Use the Help link online, or a pre-admission nurse will contact you close to the date of your procedure to complete your history with you. You may also receive a phone call or text from Simple Admit to help with registration.

STEP 2: PREPARE

Early surgery?

If your surgery is scheduled for 7:30 am, **enter the parking garage from Waterbury Ave and park only on Level P3.**

No other levels will be accessible prior to 7 am.

Here's important information to make your experience the best possible:

- **CALL US AT 203-321-0777** the day before your procedure to confirm your appointment. Please call between 1 pm – 4 pm.
- **FOLLOW ALL THE PRE-OP INSTRUCTIONS** given to you by your physician and/or our Center. If you have any questions about this, please call your surgeon's office directly.
- **YOU MUST HAVE AN ESCORT** to drive you home after your procedure and to stay with you for 24 hours following your surgery.
- **PLEASE BRING THE FOLLOWING** to your surgical appointment:
 - A form of identification (i.e., driver's license)
 - Insurance card
 - Any expected co-pays or deductibles
- **REVIEW AND ACKNOWLEDGE THE DOCUMENTS** in the Simple Admit system prior to your appointment. They contain legally required information you should have.
- **PLEASE DO NOT WEAR ANY JEWELRY**, contact lenses or nail polish, and do not bring any valuables with you. You're valuable enough!

STEP 3: RELAX

You're in good hands. Specialty Surgery Center physicians are top experts in their fields, using the latest technologies and techniques designed to produce the best outcomes.

We're dedicated to delivering the highest level of specialized surgical care to each and every patient.
